					LUNCH	

Educational Focus: Theater Arts (Play writing, Scenic Design and Construction, Performing), Animal Science (Zoosemiotics), Research, Teamwork

The Destination: Where This Challenge Will Take You! Have you ever wondered what animals "say" to each other? Dr. Doolittle knew! We humans communicate in many ways—we talk, we use gestures, symbols and devices. We can even use a mobile phone to text message our BFF ;-). Animals don't communicate by using phones or computers, but they manage to get their message across anyway—loud or soft! They use sounds, color, movement and other tools to warn, inform and network. So get ready to communicate—animal style—and let your audience know what the buzz is all about.
